SUMMARY

As a Level 2 Computer Science student, I possess a strong foundation in programming languages such as Java, Python, and C++. My coursework has provided me with a solid understanding of data structures and algorithms, as well as experience in software development and testing. I have also gained exposure to various areas of computer science such as databases

In addition to my technical skills, I have developed strong problem-solving abilities and critical thinking skills through various programming projects and assignments. I have also demonstrated excellent teamwork and communication skills while collaborating with peers on group projects.

As I continue my studies, I am eager to further develop my skills and knowledge in computer science and contribute to innovative projects. I am highly motivated to seek opportunities to gain practical experience and apply my skills in real-world settings.

EXPERIENCE

HR Member
IEEE

August 2022 – Present, Future University In Egypt

HR Member
ICY

August 2022 – Present, Future University In Egypt

HR Member
GDSC

November 2021 – Present, Future University in Egypt

EDUCATION

Bachelor's degree, Computer Science

Minor in Computer Science • University of Cincinnati • USA • 2025 • 3.75

Bachelor's degree, Computer/Information Technology

Future University in Egypt • 2025 • 3.75

CERTIFICATIONS

Microsoft Office Specialist: Microsoft Office 2016

Future University in Egypt • Office

Advanced MySQL Topics

Meta • 2023

Database Structures and Management with MySQL

Meta • 2023

Introduction to Databases

Meta • 2023

Programming for Everybody (Getting Started with Python)

University of Michigan • 2022

summer internship (IT)

Agricultural Bank of Egypt • 2022

Python Data Structures

University of Michigan • 2022

Data Analysis challenger track

Ministry of Communications and Information Technology (MCIT), Egypt • 2022

summer internship

Banque Misr • 2022

Microsoft Office : word – excel – PowerPoint–outlook

Udemy: Online Courses • 2022

Version Control

Meta • 2022

Digital Marketing Basics

Google • 2022

Foundations: Data, Data, Everywhere

Google • 2022

ECPC

ECPC Egyptian Collegiate Programming Contest • 2021

web development challenger track

Ministry of Communications and Information Technology (MCIT), Egypt • 2020

Digital marketing challenger track

Ministry of Communications and Information Technology (MCIT), Egypt • 2020

INVOLVEMENT

Member

European Union Model FUE • November 2022 - Present

Human Resources Team Member

IEEE FUE Student Branch • October 2022 - Present

Human Resources Team Member

GDSC - Future University in Egypt • September 2022 - Present

SKILLS

Industry Knowledge: Digital Marketing, Web Development, Data Analysis

Tools & Technologies: MySQL, Python (Programming Language), Microsoft Office

JAVA

SQL
